

CONFERENCE HIGHLIGHTS

Conference Objective

Uniformed police officers are the 'last line' of defense in the detection of crime before it enters our communities across North America. This conference will consist of relevant training that will be beneficial in the heightening of the front line peace officers awareness skills in detecting and apprehending traveling criminals. Selected topics will also be beneficial to transportation risk and security managers to relevant trucking safety and security issues.

Targeted Audience

- Front Line Enforcement Officer who engage in traffic enforcement or encounter motorists
- Industry and security officials concerned about trucking security
