

SVX Video Remote Speaker Microphone

Voice and video, combined without compromise

By converging our industry-leading APX NEXT and APX N70 radio line, and our trusted body camera technology, we've transformed what it means to be on the front line. Now, your team can get the best of both worlds, by accessing mission-critical communications And evidential video capture from one device, without sacrificing ergonomics or usability.

Wear how you want, where you want

Wireless connectivity and a ruggedized design give you complete flexibility, in movement and device mounting options alike.

- Wireless connectivity via BLE; 5.3 EDR/LE
- Swappable battery, IP68 and MIL-STD-810H rating

APX, amplified and more intelligent

Equipped with our game-changing audio technology, the SVX catches every syllable - both from your push-to-talk communications, and your on-scene interactions - so you'll be heard by dispatchers, other units and even AI.

- Dual HDR windported microphones
- Intelligent noise suppression

Capture with certainty, stream with confidence

Obtain high-quality evidential footage and audio for AI-assisted investigations, and provide real-time situational awareness to supervisors via LTE streaming.

- 1080p recording, 30FPS, 130 degree lens
- 128GB of memory
